### **Invitation for Academic Visit Guest Presentation**

I am pleased to invite Dr Qiming Bao, formerly of the University of Auckland, to visit the Chair of Computing in Civil and Building Engineering, Technical University of Munich (TUM), as part of the DAAD Postdoc-NeT-AI program.

During his visit on 14 August 2025, Dr Bao is invited to deliver a guest research presentation. The talk will focus on reasoning with large language models and intelligent document processing, and will be followed by an academic discussion and research exchange with members of the laboratory.

This letter serves as a formal invitation and confirmation of the planned academic visit and guest presentation.

Please do not hesitate to contact me should further information be required.

Kind regards,

Stefan Fuchs, PhD
